What's New with **TEACH**?

Now Offering Simulation Specific Observations and Consultations!

The Center for Simulation, Research, and Patient Safety (CSRPS) and **TEACH** recently wrapped up the first offering of the Simulation Facilitator Faculty Development Series. This series was designed to enhance foundational

knowledge of simulation, provide information on policy and procedures, identify effective debrief models, and outline the steps for developing and running simulations. In an effort to continue the advancement of simulation facilitator and debrief quality, **TEACH** is now working with the CSRPS to offer simulation specific observation opportunities. If you are interested in receiving constructive and meaningful feedback on a simulation experience you create and/or facilitate, please visit our [TEACH Teaching Observership and Consultation](#) page to learn more about our simulation focused observers and request their services.

Upcoming Events:

Register Now for September Education Grand Rounds and Save the Date for Education Day!

September Education Grand Rounds: Dr. Teri Turner will be our visiting presenter for Education Grand Rounds September 10-11, 2019 presenting on "Call Me By My Name: Seven Habits To Create a Positive Learning Environment". Dr. Turner is Vice Chair of Education for Pediatrics and Director of the Center for Research, Innovation and Scholarship at Baylor College of Medicine and Texas Children's Hospital. There are three opportunities to attend this presentation so [click here](#) to register for one!

Save the Date - Education Day 2019: We are excited to announce that we have finalized a date for our 2019 **TEACH** Education Day! Please mark your calendars for October 23, 2019 to join us for a day of exciting presentations, education research posters, teaching award announcements, and a key note presentation with nationally renowned educator Kevin Eva, PhD (Associate Director and Senior Scientist in the Centre for Health Education Scholarship, and Professor and Director of Educational Research and Scholarship in the Department of Medicine, at the University of British Columbia). Be sure to reserve time on your calendar for the evening reception, 5:00-7:00pm!

Recognition and Rewards!

Wecome Your New Colleagues!

New **TEACH** Members: Please join us in welcoming our new members for the month of May - Darlon Jan, BS. (MS4, Class of 2020)

Teaching with Technology

If you dream it, we can SIM it!

If you aren't quite ready for a simulation observation or have been thinking about ways to enhance your teaching using the simulation center, consider checking out our May Health Professions Educator series session recording to learn more about how you can make simulation work to your advantage! Dr. Sarah Henrickson Parker (Senior Director, Center for Simulation, Research, and Patient Safety) and Dr. Tim Fortuna (Medical Director, Center for Simulation, Research, and Patient Safety) walk us through how to determine when a simulation is appropriate for achieving learning objectives, discuss different types of simulation, and overview the process of integrating our simulation center into your teaching. Click below to check out their presentation, "[Using Simulation to Your Advantage: Teaching and Discovering in Simulation.](#)"

Educator Opportunities

1. NBME Strategic Educator Enhancement Fund Fellowship:

Applications are now being accepted for the NBME Strategic Educator Enhancement Fund Fellowship. This fellowship is designed to "provide an opportunity to medical school faculty who are interested in developing skills in medical education and assessment research, and who have a commitment to working with a team of interested colleagues." [Click here](#) to learn more!

2. Conference on Higher Education Pedagogy - Call for Proposals: The Virginia Tech Center for Excellence in Teaching and Learning has released a call for proposals for the upcoming Conference on Higher Education Pedagogy. This local conference is aimed at improving the quality of teaching and learning in higher education. To learn more or submit a proposal, [click here](#).

3. 2019-2020 Stemmler Fund call for Letters of Intent - due July 1, 2019: In support of innovation in medical education assessment, the Edward J. Stemmler, M.D. Medical Education Research Fund of the NBME is pleased to announce that the 2019-2020 call for Letters of Intent has begun. The purpose of the Stemmler fund is to provide support for research and development in innovative evaluation methodologies or techniques, with the potential to advance assessment in medical education or practice. The application deadline is July 1, 2019. Applicants may go to <http://www.nbme.org/research/CFL.OI.html> for more detailed information.
