Education Day is Almost Here!

Come one, come all - October 23!

Keynote Presentation with Dr. Kevin Eva at 7am & 12noon – don't miss out!

Kevin Eva, PhD (Associate Director and Senior Scientist, Centre for Health Education Scholarship & Professor and Director of Education Research and Scholarship, Department of Medicine at the University of

British Columbia) will be presenting two repeated sessions on "Self-Regulation of Professional Practice: Promoting Insight in Students and Clinicians." This session will discuss the relevance of self-regulation, explore ways in which health professions educators can facilitate development of insight into one's knowledge and skills, and consider how these can shift the culture of medicine to improve professional practice, faculty development, and teaching/learning.

Join us for a robust evening celebrating health professions education! Head over to the Center for Simulation, Research, and Patient Safety at 5pm to view education research posters and snack on hors d'oeuvres.
