

# e-TEACH Newsletter

...planting the seeds of education

**In response to increased restrictions communicated by both Virginia Tech and Carilion, we will be temporarily moving to a virtual venue for our upcoming TEACH sessions. Please see more information below and stay tuned!**

### What's New with TEACH?:

**Check out the new 3-month-at-a-glance calendars!**

We are revamping our trusty 3-month-at-a-glance calendars! In an attempt to streamline our communications and ease our participants in finding virtual participation information, we have added direct links to all of our virtual learning opportunities. The

calendar is easily accessed from the TEACH homepage and is also included with the monthly OCPD FREE article. [Click here](#) to check out what we've got planned for the next three months!

### Upcoming Events: Join Us!

**All sessions will be held via Zoom. No registration necessary, see calendar invitation for Zoom details!**

#### May 2021 Health Professions Educator

**Series Sessions** – "Health Professions Resilience/Well-Being for the Educator (and how to model for learners)" with David Musick, PhD and Emily Holt-Foerst, MA (Monday, May 24, 2021, from 12:00 pm to 1:00 pm – Online via Zoom). No registration necessary, see calendar invitation for Zoom details!

### Recognition & Rewards: Welcome your Colleagues

### Educator Resources:

**Check out these new learning opportunities!**

**MedEdPORTAL now offers CME credit for reviews** - In an effort to recognize the work

of peer reviewers, *MedEdPORTAL* now offers CME credit for eligible completed reviews. Reviewers earn **3.0 AMA PRA Category 1 Credits™** per review, and may earn up to 15.0 credits each year. For more details see our Instructions for CME [click here](#).

**AAMC Telemedicine Competencies** - Telemedicine skyrocketed during the pandemic, and experts say remote care is here to stay. How can current providers and future physicians prepare to provide high-quality care from afar? To ensure that both new doctors and experienced clinicians are properly trained, the AAMC has published a [set of competencies](#) every medical student, resident, and physician should have when practicing telemedicine.

**e-Learning Bites** - eLearning Bites (eBites) is an online platform for medical education and new learning technology that delivers tasty, innovative faculty development bites to answer questions and offer insights about medical education for professional use and personal advancement. To learn more, contact [elisabeth.schlegel@hofstra.edu](mailto:elisabeth.schlegel@hofstra.edu).

**AAMC Building Better Curriculum Learning Series: New & Emerging Trends in Health Professions Education** – The AAMC invites you to participate in this virtual collaborative learning series, which aims to raise awareness on these [six trends](#) and take a deep dive into how our transforming health care system is shaping health professions education. The new ongoing series is based on the [popular 2020 series](#) (recordings available). For further details, [click here](#).

**Johns Hopkins Foundation of Teaching and Learning Conference** – Registration is now open for the virtual Foundations of Teaching and Learning conference scheduled for April 29, 2021, from 8 AM to 12 PM EST. [Click here](#) to register.

### Educator Opportunities:

**Scholarship, conference, and funding opportunities available!**

**ABMS Conference Call for Proposals** - The American Board of Medical Specialties (ABMS) is accepting proposals for sessions or posters for its 2021 conference, which will take place virtually Sept. 28-29. The submission deadline is April 25. [Click here](#) to learn more.

**Submit Your Education Scholarship to These AAMC Calls for Submissions** - These calls for submissions aim to advance the work of all those engaged in improving academic medicine and bringing together the medical school and teaching hospital community across campuses, disciplines, and missions. This new page includes information about current and reoccurring calls for submissions. It will be updated throughout the year with links to calls as they open. Information about submitting to the AAMC's 2 peer-reviewed journals is also included. [Click here](#) to learn more.

**AMA accepting applications for Accelerating Change in Medical Education Innovation Grant Program** - The American Medical Association is requesting applications for its Accelerating Change in Medical Education Innovation Grant Program. The program's \$30,000 grants aim to hasten the transformation of medical education by supporting the research, implementation, and expansion of key innovations and initiatives developed through the AMA "Accelerating Change in Medical Education" initiative. Applications are due no later than June 1, 11:59 p.m. Central time. Grants will start Sept. 1. [Click here](#) for the complete guidelines and to gain access to the electronic submission platform.

**Registration Now Open: 2021 GEA Regional Spring Meeting April 20-22, 2021** - The GEA is hosting an online joint conference among all four GEA regions in April. Your regional leadership has been hard at work since last summer developing a program structure that strives to highlight the great work occurring in all 4 regions and showcase selected work the GEA is pursuing nationally. The conference theme is: Innovations in equity, diversity, justice, and inclusion across the medical education spectrum. [Register here](#).

**Register & Submit now for the Generalists in Medical Education (TGME) Annual Conference** – Registration is now open for the TGME conference scheduled for Wednesday, November 3 Thursday, November 4 & Friday, November 5, 2021. This year's conference theme is: "Medical Education in 2021: Working Towards Collaboration, Adaptation, and Innovation." Participants are also invited to submit a proposal for this year's conference which provides a forum to share your educational research and educational innovations. Please submit proposals via the [TGME website](#). Proposals must be submitted electronically, no later than 11:59 pm EST on May 17, 2021.
