identify how we can support your on-demand needs!

We have received numerous requests for on-demand faculty development, including the addition of the inaugural Richard C. Vari, PhD Endowed Lecture at this year’s Education Day. Dr. Vari was a strong supporter of education. We are honored to celebrate Dr. Vari’s legacy this Fall with the first Richard C. Vari, PhD, Lecture.

If you have any questions or would like to learn more about the TEACH mission, please contact us at stemmlerfund@nbme.org.

Don’t miss out on our upcoming events and opportunities.

Announcing the 2022 TEACH Award Nominations Close July 13th.

Nominations for the 2022 TEACH Awards are open until July 13th, 2022. Faculty members are encouraged to nominate outstanding faculty members who have impacted their education, careers, and lives. TEACH Educator Appreciation (TEA) is an opportunity for peers and learners to express appreciation and thanks to faculty members who have made a significant impact on their learning.

Do you have questions about the TEA program? Click here to learn more.

In partnership with the Diversity, Equity & Inclusion (DEI) team at VTCSOM, we are now sharing information on resources and opportunities for diversity, equity, and inclusion (DEI) in education.

In addition to DEI opportunities, check out the VTCSOM DEI Events Page for more information.

The purpose of the Stemmler Fund is to provide funding support to enhance educational development, leadership development, and administration. The fund is administered by the TEACH Academy and is designed to support faculty members who have contributed significantly to the field of medical education. The fund provides up to $150,000 of NBME funding support for a project period of up to two years. The funding can be used for projects related to medical education, including faculty development, curriculum development, and assessment.

If you have questions about the Stemmler Fund, please contact us at stemmlerfund@nbme.org.

The Fulbright U.S. Scholar Program’s 2023-24 competition is open, featuring over 400 awards offered in more than 130 countries in all world regions. Fulbright U.S. Scholars are expected to demonstrate leadership in the academic and professional communities and to make significant contributions to the countries where they work. Applications are due September 15, 2022.

It is a competitive process, so be sure to learn more about the program and the application process before applying.

The Call for Letters of Intent for the 2022-2023 Edward J. Stemmler, M.D. Medical Education Research Fund is now open! The Stemmler Fund is designed to support research projects in medical education. The fund provides up to $150,000 of NBME funding support for a project period of up to two years. The funding can be used for projects related to medical education, including curriculum development, assessment, and research.

If you have questions about the Stemmler Fund, please contact us at stemmlerfund@nbme.org.

In addition to the Stemmler Fund, the TEACH Academy is also seeking nominations for the 2022 TEACH Awards. The TEACH Awards recognize outstanding faculty members who have made a significant impact on medical education.
